

The Madison County Council of Governments will provide hard copy maps and digital GIS data for a fee. Fees are based on the costs to produce the requested information.

## GIS Hard Copy Maps

The following fees apply to printing cartographic maps.

Printer Type	Plot Size	Price
Color Laser Printer	8.5" x 11"	\$1.00
Color Laser Printer	11" x 17"	\$2.00
Plotter	24" x 36"	\$8.00
Plotter	36" x 48"	\$10.00
Plotter	Customized	Varies

Any non-standard graphics, symbolization, or spatial analysis will be an additional cost based on an hourly rate. GIS maps are created to order in any of sizes and scales that can be produced by utilizing existing MCCOG software. The agency will apply actual cost to any item shipped.

Staff Position	Hourly Rate
GIS Specialist	\$35.00
GIS Coordinator	\$45.00

## Digital Data

### Aerial Photography Image Data

The following archived image data is available. The digital orthos also include coordinate files.

Image Data	File Size	Price	CDs	DVDs
2009 Digital Ortho Photos – Six Inch Pixels, MrSID format	7.6 GB	\$100 per township \$1400 for county	\$1.00 each	\$2.00 each
2009 Digital Ortho Photos – Six Inch Pixels, GeoTIFF format	80 MB 800 MB	\$1 per 2500' x 2500' tile \$100 per township \$1400 for county	\$100 each	\$200 each

## Vector Data Requests

The MCCOG can produce its data in ESRI Shapefile or Geodatabase format. AutoCAD DWG files can also be produced. Cost varies for each dataset according to the amount of data included.

<b>Item</b>	<b>Cost</b>	<b>CDs</b>	<b>DVDs</b>
